MARISYM BIOLOGICALS

ROOTING INNOVATIONS

Welcome to Marisym Biologicals, where innovation meets sustainability to transform industries through the power of nature. At Marisym Biologicals, we are on a mission to revolutionize various sectors by offering sustainable biological solutions inspired by the intricate relationships found in nature.

OUR CORE MISSION

Our mission revolves around addressing poultry health, nutrition and productivity challenges while championing sustainability. Through eco-friendly additives and responsible production practices, we're here to help poultry farmers thrive. Our goal: reducing environmental impact and elevating profitability.

RESEARCH AND INNOVATION

Marisym Biologicals is at the forefront of industry advancements. Our team of scientists and nutritionists passionately creates breakthrough solutions to stay ahead of emerging trends. Quality control in our state -of-the-art facilities guarantees the safety and efficacy of our additives.

PIONEERING SOLUTIONS

Marisym Biologicals leads in beneficial microbes and green chemistry. Our groundbreaking spore mimic technology empowers non-spore forming bacteria to conquer temperature stress, making them ideal for feed pelletization and more. This innovation enhances gut health and poultry performance.

EXCEPTIONAL PRODUCTS

Our range includes top-tier organic trace minerals, super hydrating gel for day-old chicks and herbal extract formulations. These natural solutions promote growth, health and vitality in poultry.

IN THIS PORTFOLIO

DISCOVER HOW WE EXCEL IN FOUR KEY AREAS

DIGESTIVE HEALTH

Explore our probiotics and enzymes for superior gut health, a cornerstone of efficient nutrient absorption and feed utilization.

NUTRITIONAL SOLUTIONS

Our revolutionary additives ensure a balanced and tailored diet, optimizing growth, egg production and overall poultry health.

DISEASE MANAGEMENT

Discover natural additives that support poultry immune systems, reduce stress and minimize the need for antibiotics.

COST SAVINGS

See how our additives improve feed conversion efficiency, leading to significant cost savings for farmers.

MARISYM BIOLOGICALS

PRODUCT	INFORMATION	BENEFITS	POULTRY TYPE	DOSAGE
GALVIGO-BAC PROACT	A thermostable *Bacillus spp.* probiotics with prebiotics for feed (pellet and mash) mix	• Improves gut health & digestion • Enhances feed efficiency & growth performance • Controls pathogenic bacteria • Supports immunity & stress tolerance	Broiler/Layer/Breeder	***500 g** /ton of feed
GALVIGO-BAC NS	Formulation of probiotic consortia for water application	• Quick gut colonization • Flexible and targeted use • Ensures uniform intake • Improves litter quality • Compatible with other water supplements	Broiler/Layer/Breeder	***10-20 g** /1000 Birds per day
GALVIGO-BAC NSF	A multi strain consortia of probiotics for feed (mash) mix	• Synergistic multi-strain action • Stabilizes microbiome in different regions of gut • Better resilience to dietary changes and management stress • Offers uniform growth and weight gain	Broiler/Layer/Breeder	***500 g** /ton of feed

Integrated Housefly Management				
GALVIGO-LARVOBLITE	Formulation of Eco-friendly natural mineral absorbent and stabilizers to kill house fly larvae	• Kills housefly larvae • Cost-effective housefly control solution • Non-toxic to non-target species • Maintains farm hygiene	Layers/Breeders	***25 kg** /5000-7500 Birds (Kept in elevated sheds)
GALVIGO-LITTERFIX	Microbial-balanced formula for improved feed digestion and litter quality	Maintain gut homeostasis-Improved litter quality -Reduced fly menace in poultry premises	Layers/Breeders	***200g** /ton of feed

*Dosage as suggested by veterinarian/nutritionist.

Marisym Biologicals, values your partnership and believes in shaping a better future together. As you delve into this portfolio, find valuable insights and inspiration. Whether you're a farmer, feed producer, veterinarian, or researcher, our portfolio invites you to connect with us. Let's collaboratively redefine poultry nutrition for the better. Thank you for joining us on this transformative journey; exciting opportunities for collaboration and innovation await.
